

4Bio Reagents

Calibrators & Controls

PARAMETER	CALIBRATOR	CONTROLS
Acetic Acid	Acetic Acid Calibrator	Acetic Acid Calibrator
Ammonia	Multi Calibrator	Multi Control Level 1 Multi Control Level 2 Multi Control Level 3
Calcium	Universal Calibrator	Universal Control Level 1 Universal Control Level 2
Chloride	Electrolyte Calibrator	Universal Control Level 1 Universal Control Level 2
Cholesterol	Universal Calibrator	Universal Control Level 1 Universal Control Level 2
Copper	Copper Calibrator	Universal Control Level 1 Universal Control Level 2
Ethanol	Ethanol Calibrator	Ethanol Control
Glucose	Multi Calibrator	Multi Control Level 1 Multi Control Level 2 Multi Control Level 3
Glutamate	Multi Calibrator	Multi Control Level 1 Multi Control Level 2 Multi Control Level 3
Glutamine	Glutamine Calibrator	Glutamine Control Level 1 Glutamine Control Level 2 Glutamine Control Level 3
Glycerol	Glycerol Calibrator	Universal Control Level 1 Universal Control Level 2
hc IgG	hc IgG Calibrator	hc IgG Control Level 1 hc IgG Control Level 2
hc Protein	Universal Calibrator	Universal Control Level 1 Universal Control Level 2
hs IgG	hs IgG Calibrator	hs IgG Control
hs Protein	hs Protein Calibrator	hs Protein Control Level 1 hs Protein Control Level 2
Iron	Universal Calibrator	Universal Control Level 1 Universal Control Level 2
Lactate	Multi Calibrator	Multi Control Level 1 Multi Control Level 2 Multi Control Level 3
LDH	Universal Calibrator	Universal Control Level 1 Universal Control Level 2
Magnesium	Universal Calibrator	Universal Control Level 1 Universal Control Level 2
Phosphate	Universal Calibrator	Universal Control Level 1 Universal Control Level 2
Potassium	Electrolyte Calibrator	Universal Control Level 1 Universal Control Level 2
Sodium	Electrolyte Calibrator	Universal Control Level 1 Universal Control Level 2
Triglycerides	Universal Calibrator	Universal Control Level 1 Universal Control Level 2
